

Course objectives

This course aims:

- To rebuild confidence on the road after an incident
- To revisit the accident to gain understanding of what went wrong and find out how it could have been prevented
- To develop a correct and systematic approach to minimising risk
- To promote understanding of the principles of defensive driving

Objectives:

- Develop a positive driving attitude
- Understand how personal factors can affect performance
- Understand the principles of defensive driving
- Develop a risk-assessment approach to driving hazards
- Develop new and enhance existing skills
- Reduce crash risk

Who should attend?

Anyone who drives a vehicle for work purposes who has been involved in an accident and may have lost confidence, and who is looking to improve their driving skills to avoid future incidents.

Additional information

All delegates should be familiar with the latest edition of the Highway Code.

The course runs on a 2:1 delegate to trainer ratio (delegate ratios may vary depending on vehicle type).

Benefits to client

- Fewer and lower accident repair costs
- Less down-time due to maintenance, repairs and injuries
- More reliable vehicle scheduling
- Savings on fuel, tyres and spares
- Enhanced company image

Accreditations

This course is Driver CPC approved and accounts for 7 hours.

You must inform us prior to booking if you want this option. Driver licence details will be required in advance.
